👤 PROFILE

Passionate web developer skilled in creating responsive and dynamic websites using modern technologies like HTML, CSS, JavaScript, and React. Adept at translating user needs into functional and intuitive web applications, with a strong foundation in front-end development and a commitment to delivering high-quality code. Continuously learning and implementing best practices in web development to craft efficient and scalable solutions.

👛 PROFESSIONAL EXPERIENCE

Front End Developer,

kreativan technologies

01/2024 – present | Chandigarh

As a Front End Developer I developed responsive web applications using HTML, CSS, JavaScript, and React. I collaborated with teams to translate client needs into technical solutions while optimizing performance and ensuring cross-browser compatibility. I also gained experience with Git and focused on writing clean, maintainable code, actively contributing to code reviews and improving workflows.

🔧 INTERNSHIP

Kreativan Technologies

Completed a 6-month internship, developing responsive web applications using HTML, CSS, JavaScript, and React.

🎓 EDUCATION

Bachelor of Technology In Computer Science & Engineering,

Rayat bahra university

2020 – 2024 | Mohali

📁 PROJECTS

YepCart, Tech Stack (MERN)

Developed a simple and user-friendly e-commerce website using the MERN stack. Focused on building a responsive interface, optimizing performance, and ensuring an intuitive user experience.

Hotel-booking-app, Website Developed a responsive hotel-booking-app website using React.js, incorporating Tailwind CSS for seamless and efficient styling. Designed a user-friendly interface, allowing for simple navigation and an intuitive user experience.
